Gentlemen:

The U.S. Department of Energy, Rocky Flats Field Office (DOE/RFFO) is officially transmitting the Operable Unit (OU) No. 3 Technical Memorandum (TM) No. 4 Human Health Chemicals of Concern Identification, and the Colorado Department of Public Health and Environment (CDPHE) Letter Report to Define Areas of Concern, for review and approval. These two documents are companion documents, as they share common appendices found in TM 4.

We have accelerated the schedule on development and transmittal of the above documents. To maintain this accelerated schedule through the remainder of the project, we shall expect your comments within 15 working days; as previously agreed in schedule extension negotiations which followed resolution of the stop work order.

The Environmental Protection Agency and CDPHE project managers for OU 3 have been informally contacted concerning a presentation of the document results. A final meeting time has not been determined but the presentation will occur within the next week.

If you should have any questions concerning this transmittal, please contact Bob Birk at 966-5921.

Sincerely,

Steven W. Slaten
